EXAMINER'S COMMENT

1. It is noted that both in the prior Office action dated 8/19/2004, page 4, and the after final Reply dated 11/10/2004, page 24, there is a typo (09/824,134) for the copending US Application number, it should be noted that the correct serial number for the copending US Application is 09/828,134.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

First, Applicants' newly submitted formal drawing, amendment to claim 1, and cancellation of claim 74 overcome the objection and rejection set forth in sections 4-7 in the prior Office action dated 8/19/2004. Second, the Examiner repeats the reason of allowance as follows: While the combined teachings of Laprade and Kronzer disclose the same elements of the instantly claimed invention, the structural relationship among the layers of instant invention, in particular the Adhesion Layer being structured next to the support and removable from the support without heat, is not taught, nor suggested, by Laprade and Kronzer.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
